R. B. DOUGLAS, Chief Liquor Vendor

Prices quoted include jars or containers.

Government Vendors may sell liquors for cash only. Mail orders should be accompanied by the proper affidavit and also payment for liquors, in cash, money order, or accepted bank cheque; and where currency is mailed, letters should be registered. Vendors will not accept unmarked cheques.

All liquors are carefully packed and shipped by express, breakage or loss being at the purchaser's risk.

Where Vendor is out of any particular brand of liquor, he may substitute brand of equal quality and same price.

Unless otherwise specified the quantities listed are Imperial measure.

Vendors may sell liquor for medicinal, sacramental, scientific and manufacturing purposes only. The sale of liquor for beverage purposes is prohibited.

Owing to the present condition of the market for Scotch Whiskey and Brandy, we cannot get sufficient quantities of the lines quoted, but will have in stock various brands of high quality which we take the liberty of substituting.

On and after Dec. 21st, 1922, these prices will be followed strictly. To avoid delays in shipments and correspondence destroy previous price lists and order from this list only.

Twenty per cent. discount is allowed to privileged persons.
